

Family Interactive Good Friday Observance

4:30 to 5:30 p.m., April 7

For Preschool to Elementary Aged children

All children need to be accompanied by an adult who will stay to help as extra hands during large group activities. **Parents / Grandparents / Godparents / Aunts and Uncles are encouraged to bring kids and experience this as special time together!**

It is important and appropriate to include children in the story and events of Holy Week. Please join us and bring a friend to our interactive Good Friday observance.

This hour-long program will include an age-appropriate experience of the events of Good Friday, including a modified and interactive Stations of the Cross, a craft activity, and a Good Friday themed snack. All Are Welcome!

If you have any questions give me a call! Kathryn+ 201-321-2431

It would be helpful, but not essential, if you could please let the parish office know who/how many will be attending.
